GitHub: <https://github.com/abhishekmishra28>

Email: abhishekltr2002@gmail.com

Mobile: +91 9334905084

SKILLS

Languages:	C++, Python, JavaScript, TypeScript, SQL
Web Technology:	React.js, Next.js, REST APIs, Supabase
Tools/Platforms:	MS-Excel, Power BI, Git, GitHub, VS Code, Jupyter Notebook
Libraries:	NumPy, Pandas, Matplotlib, Seaborn, Scikit-Learn
Soft Skills:	Teamwork, Adaptability, Problem Solving, Communication

PROJECTS

Modular Banking System in C++ with SQLite Github	Feb' 26
- Engineered a modular banking system in modern C++ using OOP principles, supporting Savings and Current accounts with deposits, withdrawals, transfers, and overdraft handling. - Designed a layered architecture with clear separation of concerns, integrating transaction management, fraud detection, notification services, and audit logging to simulate real-world financial workflows. - Implemented SQLite-based persistent storage using the Repository Pattern, enabling efficient management of customers, accounts, transactions, and loans without modifying core business logic. Tech Stack : C++20, OOP, SQLite, System Design, Data Structures & Algorithms	
GiffyDuck - Notes AI Application Github Live	Mar' 25
- Developed a feature-rich note-taking application supporting academic organization and creative writing with structured content management. - Integrated an AI assistant to provide context-aware insights, summaries, and intelligent responses based on user notes. - Implemented advanced features including tag-based categorization and full-text search for efficient data retrieval and user experience optimization. Tech Stack : Next.js, TypeScript, PL/pgSQL, Supabase, HTML, CSS	

TRAINING

A Guide to Machine Learning with Data Science – Cipher Schools	May' 25 – Jul' 25
- Performed predictive analytics and built data visualization projects, deriving actionable insights from structured datasets. - Developed a strong understanding of supervised and unsupervised learning, feature engineering, and model evaluation techniques. - Applied model validation strategies including performance metrics, cross-validation, and hyperparameter tuning to improve accuracy and reliability.	

CERTIFICATES

Oracle Cloud Infrastructure 2025 Certified Data Science Professional Oracle	Aug' 25
Oracle Cloud Infrastructure 2025 Certified DevOps Professional Oracle	Sep' 25
Introduction to Machine Learning NPTEL	Sep' 25

ACHIEVEMENTS

- Demonstrated strong critical thinking skills by solving algorithmic challenges on platforms such as LeetCode, HackerRank and GeeksforGeeks.

EDUCATION

Lovely Professional University Bachelor of Technology Computer Science and Engineering; CGPA: 8.15	Phagwara, Punjab Aug' 23 – Present
LA Garden High School Intermediate PCM; Percentage: 78.83	Ranchi, Jharkhand Apr' 21 – Mar' 22
BP DAV Public School Matriculation Percentage: 92	Garhwa, Jharkhand Apr' 19 – Apr' 20
